

*Jesse S.*Gettin' in the GameSM Athlete (since 2005)**My sports:** Baseball
Hemophilia A*My life at a glance*

I attended Tiffin University, Tiffin, Ohio, where I still hold the record for strikeouts per 9 innings in the National Association of Intercollegiate Athletes (NAIA). In my prime, I could throw a 92-mph fastball. After graduation, I played professional baseball in the Frontier League, starting for the Florence Freedom in the Greater Cincinnati area. I am currently playing in an amateur baseball league and teaching the fundamentals of pitching to young players. I am married and have 2 wonderful daughters, Alexis and Addison. I work as a credit associate at Keybank, and in addition to my baseball activities, I have become an avid golfer.

My preferred topics

- Participating in sports to stay active
- Leveraging college education for future success
- Weight training to maintain a healthy lifestyle
- Securing a good job with benefits and insurance coverage
- Easing anxiety in college-bound freshmen (and their parents)

My message to you

"You can take advantage of the latest changes in treatment to help you live a more normal lifestyle. Work hard and good things will happen for you."

-Jesse
